FIRST DAY

THE MOMENT WE ARRIVED

On the first day we left the school after the lessons. We spent most of the day on the bus. When we arrived in the evening we were greeted by the hotel receptionist that gave us the keys to our room. After leaving the luggage we went downstairs to eat together.

The background of the image is a close-up photograph of ice cubes and water droplets, creating a cold, wintry atmosphere. Overlaid on this background are several stylized snowflake icons. A large, dark blue snowflake is in the top left corner. A smaller, dark blue snowflake is at the top center. A white snowflake is on the right side, partially cut off by the edge. A dark blue snowflake is at the bottom center. The text "SECOND DAY" is written in a large, dark blue, serif font across the middle of the image.

SECOND DAY

FIRST DAY SKIING

In the morning of the second day after renting the skiing material we took the gondola ski lift to get to skiing slopes. We formed groups based on our skiing ski levels, some were experts, some had skied for the first time ever.

A VISIT TO THE FARM

On the second day we visited a local farm run by family members. There we saw and learned how the “casolet” cheese is made, we tasted locally produced salami, cheese and speck. Later on we visited the barn where cows, pigs and cattle live.

THIRD DAY

OUR VISIT TO PEJO WILDLIFE AREA

In the afternoon of the third day we visited Pejo wildlife area, an area of the Stelvio National Park designated to animals such as deer and chamois. Also, out of this area, in a nearby stable there was a llama. During the visit of this place, there was an alpine guide who spoke about the typical animals of the area and also the composition of the territory.

FOURTH DAY

SNOWSHOEING AT NIGHT

On the night of the fourth day we met our alpine guide, got our material and went for a truly beautiful walk in the snow. The guide told us the amazing myths of some of the many constellations in the night sky. He also showed us some animal tracks and he explained what animal they belonged to.

FIFTH DAY

EPILOGUE

The fifth day was our last... we spent the morning skiing and, after saying goodbye to our instructors, we returned the ski equipment. This trip made us spend great time together away from our phones and we're confident when we say that we all enjoyed it.
